Institution's strategy for the organisation and implementation of international(EU and non-EU) cooperation projects in teaching and training in relation to projects implemented under ErasmusProgramme.

Strategy of our institution.

Our institution is responsible and consistent with our possibilities and therefore we intend to implement the following projects of individual mobility

- During the last 5 years, there have been 30 Short Cycle student mobility, with Pirefop and Piremov Programs

- Our institution has individual mobility with the Leonardo da Vinci Programme. During the last 6 years more 80 students of Intermediate Vocational Training have done work placement in foreign countries.

Therefore the strategy of our institution is:
